### The SoulCare Project On the Road

The Annual Kingdom Advisors Conference (February 16-18, 2011)

We recently served as one of the ministry partners at the Annual Kingdom Advisors Conference in Orlando, FL. We were there as a partner, to share with KA conference attendees about our ministry. We met many great people and had a wonderful time hearing from many well established Christian leaders. Rich Stearns from World Vision, Randy Alcorn from Eternal Perspective Ministries, and Alistair Begg from Parkside Church are just a few of the leaders we were able to engage.

One of the highlights of our trip was meeting Wally Armstrong and Jeremy Folmsbee, two former pro golfers. Apart from the fact that it's always awesome to meet professional athletes, it was even more encouraging to hear their stories of how their ministry encourages

and journey's with other professional golfers in their faith with God.

## TN Partnership

Our next retreat locally will be for the Chattanooga Youth Network. This "Pause" retreat, led by The SoulCare Project will take place Friday, March 4th. To learn more about "Pause" retreats click [here](#).

## Partner With Us

Partnering is often a fancy way of saying "please give us money" - But when we ask you to partner with us, we are asking for so much more than financial support.

Partnering to us means you are "for" us and stand by our mission. It means you are telling others about your experience or interaction with The Soulcare Project. And it means you are praying not just for leaders attending our retreats, but you are praying for specific individuals and their own spiritual journey and renewal.

The SoulCare Project is privately funded and we are very grateful for the support that a few financial partners committed for our work in 2010.

Our desire for 2011 doesn't necessarily mean just having more retreats. That said, we continue to encounter more opportunities to offer retreats and substantial avenues to serve the hearts of ministry and marketplace leaders. The need we encounter is significant and so we do desire to be diligent.

The purpose of Conversations is to provide spiritual accompaniment and honest dialogue for those who long for radical transformation in Christ. It stimulates hunger and illuminates the path by drawing on classical wisdom and practice, exploring the vital role of community, and illustrating the journey with realism and hope.
